

March 2016

Scholarship Opportunities for Students or National Service Members

16th Annual Serve Idaho Conference

Why Sponsor a Scholarship?

The Serve Idaho Annual Conference promotes volunteerism, sharing best practices, networking and support of organizations that work to solve critical issues in local Idaho communities through service. Serve Idaho is in the business of building assets and attributes that make Idaho communities stronger.

The Serve Idaho Annual Conference will host approximately 175 participants from across the state of Idaho. The focus is community service, volunteer management, civic engagement and volunteer to career. National and state experts will present current strategies and methodologies in each topic area. Participants at this event will include representatives from nonprofits, private business, educational institutions, local, state and federal agencies and national service participants.

Serve Idaho, the Governor's Commission on Volunteerism is funded entirely through grants and donations. As a scholarship sponsor you will help student(s) and national service member(s) build a foundation directed towards solving social issues and critical needs through service.

Show your commitment to this great state by supporting a student or national service member in the American tradition of service.
